## **DETAILED ACTION**

### ***Continued Examination Under 37 CFR 1.114***

1. A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on December 7, 2001 has been entered.
2. Claims 1-16 are currently pending.

### ***Claim Rejections - 35 USC § 112***

3. The following is a quotation of the first paragraph of 35 U.S.C. 112:

The specification shall contain a written description of the invention, and of the manner and process of making and using it, in such full, clear, concise, and exact terms as to enable any person skilled in the art to which it pertains, or with which it is most nearly connected, to make and use the same and shall set forth the best mode contemplated by the inventor of carrying out his invention.

4. Claims 1 and 9 are rejected under 35 U.S.C. 112, first paragraph, as containing subject matter which was not described in the specification in such a way as to reasonably convey to one skilled in the relevant art that the inventor(s), at the time the application was filed, had possession of the claimed invention. It appears that there is insufficient support for a "contiguous" repeating unit array. Page 4, lines 15-17 simply states that the unit array is repeated in a horizontal or vertical direction. There is no mention of the unit array being contiguously repeated. In response, Applicant should provide a citation to the specification providing sufficient support for such an

embodiment. Otherwise, Examiner reminds Applicant that no new matter may be added.

***Allowable Subject Matter***

5. Claims 2-8 and 10-16 are allowed over the prior art of record.
6. Claims 1 and 9 would be allowable once the 112 1<sup>st</sup> paragraph rejection has been overcome.
